## About Black & Brown London

Black & Brown London was founded in 2000 by a mother and daughter team who offer a unique collection of luxury leather belts, cuffs and handbags. The exceptional finish to the products come from their use of Swarovski crystals in both the embellishment in hand-crafted buckles and in rivets for studded designs.

Black & Brown predominantly work with Italian and Spanish leathers from responsibly sourced tanneries as well as exotic skins that are by-products for their designs.
